

Full Return to Campus 2021-22 School Year

RETURNING TO CAMPUS

Effective June 7, 2021, Saint Martin will implement a full return to campus. This includes no additional online courses for the 2021-22 school year as well as full sports, clubs, activities, and service opportunities. Saint Martin will continue to follow all CDC, state of Ohio, and local health and safety guidelines.

RETURNING TO WORK

10th, 11th and 12th grade students will return to work for the Corporate Work Study Program. CWSP Placements will be selected by CWSP staff based on job availability and student skillset.

Before deploying to work, all 9th grade students will participate in workforce development training including hard skills training in Microsoft Excel and Hyland's OnBase, exposure to career exploration, and engagement with career professionals.

NEW BUILDING & WELLNESS CENTER

Phase II of our new campus will open this summer! For the first time in over 10 years, the entire Saint Martin community will be under one roof.

Phase II also includes a Wellness Center which will serve as a dedicated space to meet students' physical, emotional, mental health, and daily needs. Resources will include a full time nurse, social worker, counselors, and new partnerships with local hospitals.

Increased Academic Support

Saint Martin is committed to our promise of ensuring students leave our campus college ready and career prepared.

Student Support

Saint Martin is increasing their staff to include a Full Time Student Support Leader & One Student Support Specialist. Two Full Time Student Success Coaches will also provide academic support and proactive remediation for students.

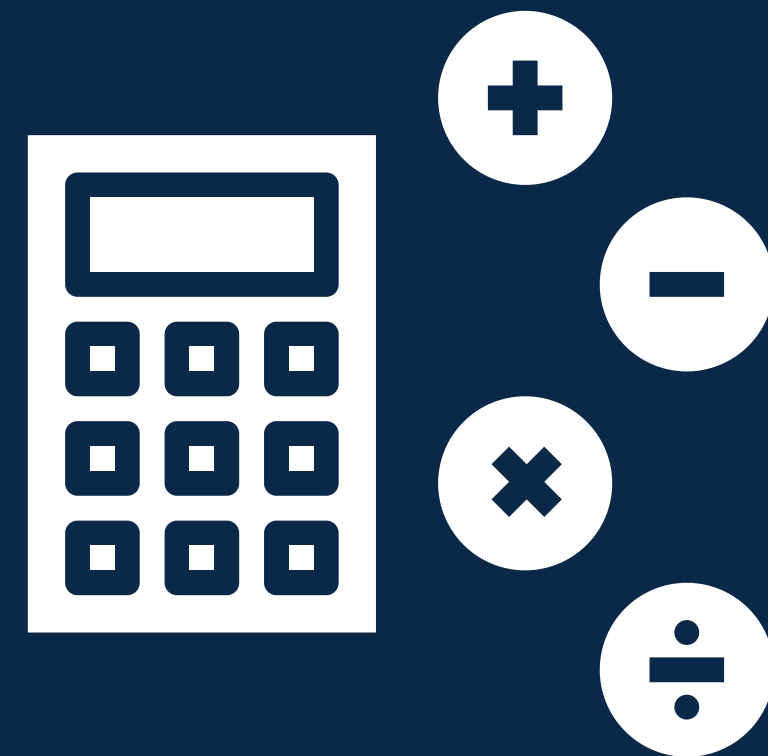

Enhanced Freshman Schedule

We will run an enhanced Schedule for increased school day support. Summer programming outcomes will inform placement into accelerated/Honors Algebra classes as well as enhanced remediation with student success coaches.

Enhanced Math Instruction

Saint Martin is recruiting 2 experienced Math/STEM Teachers in addition to implementing tutors and additional professional development for math faculty.

Improved Standardized Test Prep

This will include enhanced test prep & College Counseling Offerings including monthly or weekly college counseling meetings and integrated SAT prep into assessments.
